

## Product Specifications: Clear Replacement Glass

Product Name: Clear Glass Sheet

Product Family: Glass

---

### Clear Glass Sheeting (Non-Tempered)

- Easy to Cut
- Multi-Purpose
- Great for everyday projects

#### How to Cut Glass:

1. Use a flat surface. Mark the desired cut using a straight edge and glass marker.
2. Using a glass cutter and oil, make one continuous along the designated line. Do not attempt to score twice.
3. Flip the glass sheet and use the ball end of the cutter to tap along the score. Hold the glass on both sides of the cut and firmly snap the cut.
